Protection you need when you're in transition

Between jobs

- Security while you're job hunting
- Often lower than the cost of COBRA*

Waiting for employer benefits

- Fills the waiting-period gap
- Set your own start and end dates

Temporary, contract, seasonal employees

- Flexible temporary coverage options
- More plan design choices give you pricing flexibility

Newly independent

- When student plans or parent's coverage are no longer options
- Deductible and coinsurance options keep plans affordable

1,2,3 enrollment

Determine eligibility

- 1** Decide whom to cover and determine eligibility:
 - In general, persons between the ages of 30 days and 64 years, 11 months, are eligible. Dependents may be eligible up to age 18, or age 24 if full-time students. Age requirements can vary by state. See the back of the Rate Sheet for your state eligibility information.
 - U.S. and foreign residents are both eligible.
 - Answer the health questions on the enrollment form. You will not be eligible for coverage if you answer "yes" to any health question. Plans do not cover pre-existing conditions.* See the pre-existing condition definition on the back of the Rate Sheet.

*If you have a pre-existing condition, our Individual Medical plans or COBRA may be a better coverage option. Talk to your agent.

Design your plan

- 2** Choose your plan details and payment options:
 - **Deductible** – the amount you pay before the plan pays. Choosing a higher deductible lowers your premium but means you pay more out of pocket for medical expenses.
 - **Coinsurance** – the percent of medical expenses we pay and you pay after you pay your deductible. For example, for plans with 80/20 coinsurance, you pay your deductible + 20% of the next \$10,000 in covered charges. After that we pay 100% of covered charges up to the \$2 million lifetime maximum.
 - **Length of coverage** – one month (30 days) up to six months (180 days).
 - **Payment options**
 - Monthly payments give you flexibility – pay as you go!
 - Single payment is cost saving – pay one time and save 20%!
- Payment is required at the time of enrollment.

Enroll

- 3** Calculate your premium using the Rate Sheet and complete the enrollment form (forms enclosed).

Note: Before you enroll, please see the back of the Rate Sheet for important state-specific information.

Premium Refunds

If you're not completely satisfied with your Short Term Medical plan, simply call and cancel your coverage within 10 days of delivery and receive a full premium refund, no questions asked. The one-time application fee is not refundable.

Applying for another STM plan

When your plan expires, you may be eligible for another plan depending on how long you have been covered by Short Term Medical plans. Short Term Medical is temporary coverage, so plans cannot be renewed like permanent insurance. However, when your plan expires, you may apply for another plan if you have not had a total of more than **730 days of short-term coverage** without a **64-day coverage gap**. If you are issued a new Short Term Medical plan, the new plan will not provide benefits for any conditions or symptoms that existed during the previous plan.

Keep in mind that short term plans are not meant to be a substitute for permanent health insurance coverage. An Assurant Health Individual Medical plan may be a better option.

Eligibility

To be considered for coverage, each person must be between the age of 30 days and 64 years, 11 months. To be considered dependents, your child(ren) must be age 18 or younger, or 24 or younger if full-time student.

Extended protection

If you become injured or ill while your plan is in force

- your benefits may be extended at no additional cost for up to 12 months if you are hospitalized.
- you can receive up to \$1,000 in benefits at no additional cost for up to 60 days if you have a nondisabling condition.

Pre-existing conditions

Short Term Medical plans provide coverage for unexpected illnesses and injuries, meaning they do not cover pre-existing conditions. A pre-existing condition is a medical condition due to sickness or injury

- for which you received medical treatment or advice during the 2-year period immediately prior to your Short Term Medical effective date, regardless of whether the condition was diagnosed or not; or
- that produced signs and symptoms within the 1-year period immediately prior to your Short Term Medical effective date. The signs or symptoms either must have allowed one knowledgeable in medicine to diagnose the disorder or would have compelled a reasonable person to seek diagnosis or treatment.

If you have a pre-existing condition, treatment for that condition will be excluded from your Short Term Medical plan.

A pregnancy that exists on the day before your effective date will be considered a pre-existing condition.

Premium refunds

If you aren't completely satisfied with your Short Term Medical plan, simply call and cancel coverage within 10 days of delivery and receive a premium refund, no questions asked. The one-time application fee is not refundable. Keep in mind that premium is not refundable *after* the 10 day period for any unused premium. For example, if you select coverage for 60 days and end up requiring only 45 days of coverage, there is no premium refund on the remainder.

Short Term Medical and Health Care Reform

Short-term, limited duration plans are not subject to certain provisions of Federal health care reform, including the provisions related to lifetime limits, dependent coverage, preventive care, and pre-existing conditions. The pre-existing condition exclusion for Short Term Medical plans will apply for all insureds, including those under the age of 19.
